### Summary:

*In these last days, Satan is battling for our hearts and our faith. He has been working hard to undermine God and build a foundation of deception to make us spiritually blind; the last thing he wants is for us to live under the direction of the Holy Spirit. The enemy works through the spirit of mammon attached to money; he lies to us and tells us he can give us things that only God can give us. His plan is to get us to rely on money more than on God. Mammon hates generosity and giving, especially with our finances; we defeat this evil spirit by giving to show that we trust in God enough to give without fear of lack. Despite what mammon tells us, we can depend on God, who will take care of us and never leave us. Genuine success and prosperity on every level come only from making God our source.*

### Notes:

1. Satan wants to fool us into trusting money more than God. Mammon is the name of the Syrian god of money. Mammon contradicts God. Mammon says to buy and keep; God says to sow and reap. Mammon says to cheat and steal; God says to give and receive. Mammon is selfish; God is generous.
2. Money is simply a tool; what we must be wary of is the spirit behind it. We can trust God even in the most difficult of times. There will come a time when we cannot trust in anything or anyone else but Him.
3. God is well able to take care of us; He wants to be our provider. He is faithful and true. Even when we do not see what He is doing, He is working behind the scenes right now.
4. Giving is hard when we are not sure if God can take care of us. This is an issue when people have fallen under mammon's influence. We can trust Jesus to fulfill all the needs we have, including our financial needs. Our trust in Him causes us to be successful.
5. Genuine success and prosperity come only through Him. God has a plan for every Christian, and His plans are bigger than our dreams. He drew the blueprint for our lives even before we were born; to see those plans and blueprints come to pass, we must depend on Him.
